

What's "Tweeting" in the **Bluebird Class** October

LETTERS OF THE MONTH

This month we will focus on the following letters:

B, C, D & E

NUMBERS WE ARE WORKING ON

2, 3, 4 & 5

SHAPES WE WILL EXPLORE

With the teacher's guidance, the children will draw and cut out a diamond shape to create a model of Benjamin Franklin's kite.

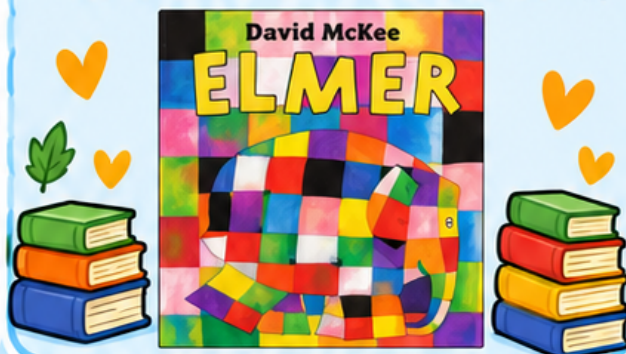

SCIENCE EXPERIMENT: DANCING GHOST

The children will create a dancing ghost using static electricity from a balloon! When they rub the balloon against their hair, invisible electrons (with a negative charge) build up on the balloon's surface. These electrons will attract positively charged objects, like our tissue-paper ghost, making it "dance" in the air!

BOOKS WE WILL EXPLORE THIS MONTH

FIRE SAFETY

The children will learn vital fire safety tips, including:

How to call **911** in an emergency

The **STOP, DROP, & ROLL** technique, and how to **COVER YOUR FACE**

The importance of having a **Meeting Place** in case of a house fire

Creating a fun **Fire Safety craft**

Keep an eye on your child's individual class calendar for important dates, including our Halloween Parade and Party!
