

WHAT'S "WHISTLING" IN THE CARDINAL CLASS FOR JANUARY 2026

JANUARY MONTHLY ACTIVITIES

January Science Experiments...

1. Experiment: "Water Wonder" –

- Hypothesis: What will happen to the colored water in a warm bottle when it is placed on top of a bottle of cold water?

Answer : The colors will separate.

2. Experiment: "Good Clean Fun"

- Hypothesis: What will happen to a paper boat floating on a plate of water when liquid detergent is dropped into its stern?

Answer: The boat will sail very fast across the water because the detergent breaks the surface tension of the water.

Numbers 11, 12 & 13

Meet Letters Kk, Ll & Mm

The children will:

- Meet the letters: Kk, Ll, Mm and review all the letters we have learned to date & practice writing these letters in the letter books.
- Meet Kicky Kangaroo, Looney Lion & Merry Mouse
- Read and act out the story: If You Give a Mouse a Cookie.
- Work on knowing our addresses.

**“BIG” Word
of the Week...**

Keepsake – A small item kept in memory of the person who gave it to them

Lethargic – sluggish, dull or lazy

Monotone – having an unchanging voice
