- Johnny Appleseed

STEM- Science Technology Engineering Math

- Whats your name? Design and create a name for you to wear to help others remember your name.
- Build a raft for Johnny Appleseed to cross the Ohio River.

Letters

F & B

A Note from your Teacher

In September, the main focus is to acclimate the children to the school environment. I understand it is sometimes difficult for the children to jump into a full school day, but as soon as they learn the routines, they adjust quickly. For the first few weeks of school, the children will be learning the school/ classroom routines. I look forward to working with you and your child during this exciting school year!
